

A journey of discovery through time travel!

Week 1 and 4 - Prehistoric and Ancient Era

Day 1	Jurassic Period	Make your own prehistoric landscape
Day 2	Stone Age	Making your own pigment from nature and making cave drawings
Day 3	Viking Age	Make your own Shield and mini 'Battle' the older group will make catapults and the younger group helmets
Day 4	Ancient Egypt	Learn about mummification and solve some hieroglyphic puzzles
Day 5	Ancient Greece	Making Puppets

Week 2 and 5 - Modern Era

Day 1	Ottoman Empire	Making Radial prints on Tote bags
Day 2	Industrial Revolution	Making small machines – younger group will make spinning art machines and the older group will make a pneumatic engine
Day 3	World War 1	Making a periscope
Day 4	Great Depression	Getting resourceful and making something out of nothing – they will make sack clothes and learn about repairing and fixing broken items
Day 5	Golden Age of Piracy	A treasure hunt

Week 3 and 6 - Contemporary Era

Day 1	Information Age 1	Older group will make a musical punch wheel and the younger group will make QR code greeting cards. Also will explore robotics
Day 2	Information Age 2	
Day 3	Space Age	Rocket design for the younger groups and then a space lander activity for the older group
Day 4	Imagination Age	Superhero factory – making your own superhero
Day 5	Environmental Movement	Learning about recycling through paper making and exploring water pollution and how to filter dirty water.

Week 7 - Future Era

Day 1	Ocean Floor Mapping	Exploring the ecosystem of our ocean through its residents. And imagining what kinds of creatures might be lurking in the deepest parts of the ocean
Day 2	Solar Power Industry	Making a solar oven
Day 3	Humans on Mars	Building a mars colony – what are the important things you will need to survive on mars.
Day 4	Super Humans	Exploring the incredible things the human body can do through a series of challenges
Day 5	Life Beyond Earth	The younger group will be making their own aliens while the older group will make microbit communication devices.

Week 1 and 4

Day 1	Science Sunday	Theme: Gases - In this session we will be making fizzy cloud dough. We will do some scientific experiments exploring chemical reactions that produce gases.
Day 2	Messy Monday	Let's unleash the artist within as we try pendulum painting, remember this is messy Monday so a change of clothes is advised.
Day 3	Tech Tuesday	Exploring the fascinating world of wearable tech - we will be making our own sewable circuits
Day 4	Wacky Wednesdays	Do you have quick reactions? Are you light on your feet? Complete our ninja training camps to discover your inner ninja.
Day 5	Treasure Hunt Thursdays	This week we will have our very own pirate treasure hunt.

Week 2 and 5

Day 1	Science Sunday	Theme: Water/Density - Does it float? Your challenge is to explore how to make a series of objects float by investigating density.
Day 2	Messy Monday	Painting with rockets ... using chemical reactions to send our paint filled rockets skywards, remember this is messy Monday so a change of clothes is advised.
Day 3	Tech Tuesday	Harness to power of robotics to create stunning art works. This week we will be creating ArtBot 3000.
Day 4	Wacky Wednesdays	Create your own wild creature and explore the various habitats available around the museum.
Day 5	Treasure Hunt Thursdays	Do you have what it takes to complete The Amazing Race

Week 3 and 6

Day 1	Science Sunday	Theme: Energy - Exploring the how energy conversion can really benefit human beings by building Lego ziplines.
Day 2	Messy Monday	Making ooblek and slime this is the definition of messy, remember this is messy Monday so a change of clothes is advised.
Day 3	Tech Tuesday	Exploring electrifying circuits.
Day 4	Wacky Wednesdays	This week we will explore the wacky world of cartoons. What would life be like if you lived in a cartoon? Through a series of activities we will give you the chance to live like a cartoon character.
Day 5	Treasure Hunt Thursdays	An alphabet themed scavenger hunt.

THE ADVENTURER'S AFTERNOON CAMP

Indulge into the coolest interactive adventures!

Week 7

Day 1	Science Sunday	Theme: The Human Body - Let's take you on a tour of the human body. You'll investigate the human digestive system and lots more!
Day 2	Messy Monday	Theme: Pour Painting - We love painting with colours , getting messy and experimenting with different techniques. This time around we're going to explore the unique and unpredictable art of Pour painting!
Day 3	Tech Tuesday	Theme: Projection - Exploring the world of image projection and building our own little projector.
Day 4	Wacky Wednesdays	Theme: Wizard School - Welcome to the school of Witchcraft and Wizardry! Here, they will experience magic and enjoy a sorting ceremony, wand selection, wizard duels, and lots more!
Day 5	Treasure Hunt Thursdays	Theme: Spy Hunt - Calling all agents, SPY Dubai - OliOli division! We need your help to discover clues and complete puzzles in order to solve our latest mystery.
