

# CAMP ACTIVITIES

Kids will also enjoy daily gallery time during camp!

## JURASSIC

<b>Dino Excursion</b>	Go on a scavenger hunt around the museum to solve clues and find lost dino's hidden in the museum.
<b>Fossil making</b>	Explore the process of fossilization and learn about the fascinating science behind it as you mold and shape your fossils.
<b>P is for Paleontology</b>	Dive into the fascinating field of paleontology as make and identify dinosaur bones, and piece together clues from the past to make your mini dino dig.
<b>Dino Habitat</b>	Explore the ancient world of dinosaurs as you design and build your own miniature dino habitat in the form of a terrarium.
<b>Dino Oology</b>	Explore the fascinating world of dino oology as you examine your very own "Dino eggs" and compare them to real dinosaur eggs, discovering the diversity of dinosaurs.

## SPACE

<b>Astronaut Training Camp</b>	Train with your team of OliOli® Astronauts to prepare yourself for an exciting journey into outer space.
<b>Space Hunt</b>	Uncover hidden treasures scattered throughout the galaxy and you embark on an epic scavenger hunt to solve space-themed challenges and unlock the mysteries of the cosmos.
<b>Rocketry!</b>	Watch your imagination take flight as kids design, build and launch their very own rockets! Let the countdown begin!
<b>Space exploration</b>	Jump on a space mission to build a station suitable for human colonization on a distant planet!
<b>Rovers and Research</b>	Join us for an exhilarating rover mission and discover the challenges of exploring the unknown using a robot.

# CAMP ACTIVITIES

Kids will also enjoy daily gallery time during camp!

<b>Linkages</b>	Introducing the fascinating world of linkages—how things connect, move, and work together. Kids will enhance their problem-solving skills and imaginative thinking.
<b>Architectural Engineering</b>	Kids engage themselves in a series of hand-on, creative and fun architectural engineering activities using unique cardboard shapes.
<b>Marble Day!</b>	Prepare for a marblemous day of engineering, creativity, and gravity-defying fun! An exciting day of hands-on activities, challenges, and marblemazing adventures.
<b>Motion Movies</b>	"Lights, camera, action!" Learn how to bring your stories to life with just a camera, props, and a lot of imagination!
<b>Tri-BOT-lon!</b>	Kids will learn the basics of programming, problem-solving, and teamwork while having a blast navigating their Sphero robot through various challenges.

<b>Pendulum Painting</b>	Watch as colorful swirls and patterns come to life before your eyes as kids explore the fascinating interplay of gravity, motion, and paint.
<b>Tinker art</b>	Make unique contraptions that introduce you to making art with the most fun and innovative techniques.
<b>Waterlympics!</b>	Participate in a series of fun water challenges to become the waterlympics champions.
<b>Color catapults</b>	Activate the artist within you as you catapult paint across the room and create amazing masterpieces and memories.
<b>Messy Science</b>	Get ready to mix and create colorful chemical reactions that will blow you away.
