

CAMP ACTIVITIES

MORNING

Clay Creations	Unleash your imagination! In this hands-on activity, kids use air-dry clay to invent and sculpt their own amazing creations from practical gadgets, quirky tools. Once dry, they can paint, decorate, and proudly take their masterpiece home. A perfect mix of creativity, fun, and hands-on learning!
Brush Bots	Kids build small, motorised contraptions that move around in surprising ways, drawing and painting interesting patterns behind them. Throughout this fun and messy activity, kids explore concepts around electricity, motion, and patterns.
Constellations	Kids become little astronomers by designing their own constellations on black paper using glow-in-the-dark stickers and markers. Each badge lights up when the lights go down, letting them take home a sparkling, cosmic keepsake from their starry adventure!
Tri-BOT-lon!	Participate in a series of challenges and engaging activities, where kids learn the basics of programming, problem-solving, and teamwork while having a blast navigating their Sphero robot through various challenges.
Solar Powered Lab	Kids experiment with sunlight to see how solar energy can power simple devices or circuits.

CAMP ACTIVITIES

AFTERNOON

Colours from Nature	Kids dive into a world of flowers, leaves, and natural colours, smashing and pressing them to make bright, one-of-a-kind creations. With every squish and splash, they explore ancient techniques and invent their own colourful masterpieces to take home.
Scribbling Machines	Get ready for a mess of fun! Kids build tiny machines that spin, wobble, and zoom across paper, leaving behind unique and colourful patterns. Each scribble is a surprise, making this a lively, hands-on way to explore movement, and creativity.
Architectural Engineering	Kids engage themselves in a series of hand-on, creative and fun architectural engineering activities using unique cardboard shapes.
Marble Day!	Prepare for a marbleous day of engineering, creativity, and gravity-defying fun! An exciting and educational day of hands-on activities, challenges, and marblemazing adventures.
Rovers and Research	Join us for an exhilarating rover mission and discover the challenges of exploring the unknown using a robot.
