

OliOli Camps

CAMP SCHEDULE

WEEK from 25th May to 29th May

Session	Group	Monday	Tuesday	Wednesday	Thursday	Friday
Morning	All ages	Fossils	Cardboard Creators	Motion Movies	Messy Science	Tri-BOT-lon
Afternoon	All Ages	Architectural Engineering	Rovers & Research	Tinker Tech	Ball Run	Robo-Maze

CAMP ACTIVITIES

Robo-Maze	We explore the basic concepts of robotics, coding and programming by guiding our robot out of a giant maze built by our group of young adventurers!
Carboard Creators	Team up with our cardboard chomper, the super-cool moving helper, and turn cardboard into towers, vehicles, or wild creations! Experiment, tinker, and watch your ideas come to life and move in surprising ways.
Rovers and Research	We explore the basic concepts of robotics, coding and programming by guiding our robot out of a giant maze built by our group of young adventurers!
Tri-BOT-lon!	Participate in a series of challenges and engaging activities, where kids learn the basics of programming, problem-solving, and teamwork while having a blast navigating their Sphero robot through various challenges.
Architectural Engineering	Kids engage themselves in a series of hand-on, creative and fun architectural engineering activities using unique cardboard shapes.
Ball Run	Prepare for a marbleous day of engineering, creativity, and gravity-defying fun making your very own ball run! An exciting and educational day of hands-on activities, challenges, and marblemazing adventures.
Motion Movies	"Lights, camera, action!" Learn how to bring your stories to life with just a camera, props, and a lot of imagination!
Tinker Tech	Unleash creativity with Makey Makey! Kids will use simple everyday objects like fruit or foil to control a computer, learning how electricity works in a fun and hands-on way.
Fossils	Step into the world of dinosaurs as kids explore how fossils are formed! They will their very own dino fossils, discovering how ancient creatures left their marks behind.
